Eliassen Rorbuer, Hamnøy, Norway

Welcōme

The Nordics are chiefly made up of Iceland, the Faroe Islands, Denmark, Finland, Sweden, Greenland and Norway. There's something so incredible about visiting the Nordic Countries. We are not sure if it's the crisp air, stunning scenery, delicious food or just the cute and colourful little towns but we always leave them with a deep longing to return. The best part about these countries though is that there's such a diversity in scenery and landscape here that you won't be stuck for places to explore when you visit.
